<u>NMDOT District comments.</u>
<u>NMDOT Environmental Bureau comments.</u>

Topics to discuss during all PFF meetings:

- Is this project included in any other planning documents? (Comprehensive Plan, ICIP, etc.)
- Does the T/LPA have the minimum match required for the project? If not, does the T/LPA intend to apply for a match waiver?
- Does the T/LPA have a good track record for responsible use/tracking of state funds? Have they met closeout deadlines? Have they successfully completed other state funded projects in a timely manner?
- Has the T/LPA had any issues with design/construction in the past?
- Does the T/LPA have major audit findings that would prevent them from being a responsible fiscal agent?

Additional topics to discuss during PFF meetings ONLY if project is on or intersects with an NMDOT or NHS route:

- Is the Tribal/Local Public Agency (T/LPA) familiar with the NMDOT T/LPA Handbook? Has the person in responsible charge attended one of the T/LPA Handbook trainings?
- Is the project within NMDOT ROW? If so, does the district support the project?
 - Are agreements necessary for maintenance and operations? (Lighting agreements, landscaping, etc.)
- The T/LPA must follow the NMDOT specifications as outlined in the "Specs for Highway and Bridge Construction" unless the appropriate NMDOT Design Center grants permission prior to design for the T/LPA to use other specs.
