RE: Cremation Approval-William Frisch B2025-004

Dear Ms. Vaughn:

Mr. Frisch passed away on January 17, 2025. Mr. Frisch's son can't afford the cost of cremation and is estranged from his father. I could find no assets. I recommend that the county assume the financial responsibility of cremation.

Thank you for your attention in this matter, and if you should have any questions or comments, please let me know.

AUTHORIZATION FOR CREMATION

Date of Death: JANUARY 17, 2025

Crematory ID # _____

The undersigned hereby authorizes SIERRA CREMATORY, LLC. to cremate the remains of:

<u>WILLIAM</u>	<u>IRVIN</u>	<u>FRISCH, SR.</u>	<u>JANUARY 17, 2025</u>
<u>First Name</u>	<u>Middle</u>	<u>Last</u>	<u>Date of Death</u>

That he/she has the legal right to authorize and direct the cremation, interment and/or disposition of said remains and agrees to hold the above Crematory and *Kirikos Family Funeral Home, Inc.*, its officers, agents and employees harmless from any and all loss, costs, or damages it or they may suffer or incur by reason of acting upon the order and authorization set forth.

That the remains delivered to the crematory are those only of the deceased named herein.

That the body will be delivered in a suitable, rigid container.

That the Office of the Medical Investigator's signed Cremation Permit will accompany the body.

That the deceased has not had a pacemaker implanted or radiation-producing implant device or any other life-sustaining device that could be explosive. Or, if such a device exists, he/she agrees to have the Funeral Director or others remove it before cremation. He/she also understands that in the event of failure to notify the Funeral Director or others responsible for the removal of such device, he/she will be liable for any damages to the Crematory or injury to crematory personnel.

That ALL non-combustible materials delivered with the body will NOT be returned with the cremated remains, but will become the property of, and be disposed of by the crematory.

I understand that if it is the intention to save ANY items it is my responsibility to remove them before cremation.

The undersigned understands the cremated remains (hereafter referred to as the cremains) are bone fragments which will be pulverized to permit their placement in an urn or other container. In the event the capacity of the urn other container is insufficient to accommodate all of the cremains, the Crematory is hereby authorized to make disposition of the remaining cremains at its discretion, unless otherwise instructed in writing by the undersigned.

That all charges are to be paid before cremation can occur.

That the SIERRA CREMATORY, LLC, will perform cremation of the body and no warranties expressed or implied are made, and damages shall be limited to the fee paid.

When cremating, the SIERRA CREMATORY, LLC, will exercise reasonable efforts in keeping cremated remains separate. However, because it is impossible to guarantee or warrant that some bone particles or the residue of one cremation could not possibly be mixed with those of another cremation, I specifically give express permission for:

- A) The cremation to take place including incidental or inadvertent commingling of the cremains with residue of prior cremations.
- B) The processing of the cremains including crushing or grinding and incidental commingling of the cremains with residue from processing other cremains.

If the undersigned authorized the Mortuary or Crematory to deliver the cremains via Priority Express Mail, he/she does hereby agree to assume all liability for any damages that may arise from any cause growing out of said delivery and to indemnify and hold harmless the Mortuary/Crematory and Funeral Director from any and all claims relating to said shipment. A mailing fee will be charged for packaging, Priority Mail Express Postage, and mailing to any location within the Continental United States. It is further agreed that if no final arrangements are completed after (1) year following the cremation the cremains will be disposed of in a lawful manner without identification by *Kirikos Family Funeral Home, Inc.*

It is the responsibility of the family, NOT the Crematory or Funeral Home to make sure all required signatures are provided. It is also the responsibility of the family, to notify *Kirikos Family Funeral Home, Inc.* whenever any of the information provided changes prior to death.

Message from ORC Executive Director, Shauna Hartley LCSW

Dear Opioid Remediation Collaborative (ORC) Board and Citizens of New Mexico,

Improving treatment and prevention services for opioid use disorder in New Mexico is vital, given the high overdose rates our state faces. By enhancing these services, we can save lives, reduce the burden on our healthcare system, and foster healthier communities. Addressing this crisis with effective, evidence-based strategies are essential to reversing the devastating impact of opioid addiction in our state.

The opioid epidemic has disproportionately impacted rural areas, where access to healthcare services, including, mental health and substance abuse disorder treatment is often limited. Rural community members face unique barriers such as transportation difficulties, stigma surrounding addiction treatment and shortage of healthcare providers trained in addiction medicine. In 2021, data from NM DOH Bureau of Vital Records and Health Statistics revealed that Rio Arriba, Socorro, Sierra, and San Miguel Counties experienced the highest overdose deaths in the state, with each county exceeding 80 deaths per 100,000 residents. Additionally, the pandemic saw a rapid increase in overdose death rates in Cibola, Socorro, Sierra and Valencia Counties, largely driven by fentanyl. Consequently, four counties within our seven-county collaborative faced the most severe impact from opioid overdose deaths in New Mexico. This shared experience, combined with the realization by these rural counties that they could more effectively improve opioid prevention and treatment collaboratively rather than individually, led to our agreement.

Our seven-county collaboration shares common rural challenges, yet each county differs in its geographical location, population size, and labor force resources. However, their unwavering commitment to improving the lives of New Mexico residents and their families affected by opioid addiction unites them. Our ORC strategic plan for FY 24-FY 25 will tackle these differences directly, establishing a foundation for sustainable prevention and treatment strategies that will endure for years to come.

In developing my strategic plan, I employed both qualitative and quantitative analysis to ensure a comprehensive approach. This balanced methodology allowed for a thorough understanding of the issues and helped in crafting well-rounded, effective strategies. By incorporating qualitative methods, such as stakeholder meetings, community listening sessions and community member interviews, I was able to gather in-depth insights and understand the refined perspectives of stakeholders and community members. Meanwhile, quantitative analysis provided me with hard data and measurable trends, allowing for objective evaluation and evidence-based decision making. By combining personal insights with both national and state statistical analysis, I was able to develop a strategic plan that is deeply informed and data driven, resulting in more effective and sustainable solutions.

In the first year of our strategic plan, we will focus on identifying the existing resources available in each county for opioid disorder treatment. Additionally, we have established a panel of experts in addiction medicine to support providers in effectively treating individuals suffering from opioid addiction through comprehensive training and education. This panel will also provide community leaders, local organizations, schools, and detention centers with information on recognizing signs of addiction and how to respond effectively. Secondly, our strategic plan aims to tackle the barriers to opioid addiction

treatment, such as stigma, lack of transportation, difficulties with accessing recovery housing and environments, and ensuring timely linkage to necessary services. Lastly, our strategic plan aims to immediately invest in our youth, as recommended by the guiding principles for spending opioid settlement dollars. We will implement prevention strategies to raise awareness about the dangers of opioid use and provide viable options for youth who need help or are seeking assistance for a friend.

Our strategic plan will also be guided by recommendations outlined by USC Schaeffer Opioid Policy Tools and Information Center (OPTIC), to include in our rural county improvements: (1) Addressing root causes like economic instability, housing insecurity, pain, despair, and untreated mental health issues; (2) Practitioners and appropriators collaborating to assess program efficacy and create success metrics; (3) Removing barriers to services by expanding insurance for buprenorphine treatment, reducing costs, eliminating prior authorizations, and incentivizing providers; and (4) Implementing policies that address use and treatment of all addictive substances, not just opioids.

During the assessment and implementation phases of this project, my team and I aim to foster partnerships with local law enforcement agencies, healthcare providers, government agencies, faith-based programs, and various community entities to create a comprehensive support network for those affected by opioid addiction. Additionally, we will engage with state and federal resources to secure funding for ongoing initiatives aimed at combating this opioid crisis.

Our ultimate goal is to enhance both existing and new prevention and treatment resources in our rural New Mexico counties, leveraging our recurring opioid settlement dollars. Over time, we aim to create a shared, sustainable system of care that includes all levels of opioid disorder treatment, such as medical withdrawal and residential services. This will ensure that counties can access care in a way that best suits their needs.

The strategic plan strategies were presented to the Opioid Remediation Collaborative (ORC) board in February 2024 was approved. Full implementation of this project began in July 2024. Consequently, the strategic plan will be reviewed and revised annually, on or before the end of each fiscal year (July 1-June 30).

This strategic plan represents our commitment not only to combatting opioid addiction but also fostering resilience within our rural communities. Together, we can create an environment where individuals feel supported in their recovery journey.

Thank you for the opportunity to develop improved resources for people in New Mexico, especially in rural areas where they are greatly needed.

Sincerely,

Shauna Hartley, LCSW
Executive Director, Opioid Remediation Collaborative

Opioid Settlement Funds

The Opioid Remediation Collaborative (the ORC) was created from opioid settlement dollars, which are the funds allocated as a result of legal settlements with pharmaceutical companies and other entities involved in the opioid crisis.

Funding agreements for Opioid settlement programs are typically reached between states, local governments, and the companies responsible for manufacturing, distributing, or selling prescription opioid painkillers. Nationwide, approximately \$50 billion will be distributed to states and local governments over nearly two decades. Every U.S state, Washington DC, and US territories receive some amount of settlement money. Federally recognized tribes also receive funds through separate Tribal Opioid Settlements. Counties within the ORC have Tribal and Pueblo representation as follows:

ORC COUNTY	AMERICAN INDIAN POPULATION %	PUEBLOS AND TRIBES REPRESENTED
Cibola County	42%	Pueblos of Acoma, Laguna, Zuni; Ramah Chapter of the Navajo Tribe
Socorro County	12%	Alamo Navajo Indian Reservation
Guadalupe County	8%	No tribal representation
Valencia County	4%	Pueblo of Laguna. Resources in Cibola County
Sierra County	3%	No tribal representation
Catron County	2%	Pueblo of Zuni land holdings. Resources in Cibola County
Hidalgo County	1%	No tribal representation

Our seven-county collaborative plans to partner with these entities to directly engage with our unique communities, ensuring inclusivity and meeting the needs of all residents in our counties. This collaboration is especially vital in Cibola County, where the substantial Native American population and significant Tribal and Pueblo representation require focused efforts.

States are required to spend at least 70% of their share to the national settlements on improving evidence-based treatment and prevention strategies in their communities. The goal is to remediate the harms caused by the opioid crisis and support individuals directly impacted by addiction.

The New Mexico Opioid Allocation Agreement allocates over \$195 million settlement dollars to the state and counties, with 45% of those dollars allocated to the state, and 55% of those dollars shared among the counties and municipalities. According to the Legislative Finance Committee, New Mexico received \$884 million from the opioid settlements, with \$310.9 million going to the state, \$324.5 to local governments, and \$249.4 million (28.2%) to outside counsel fees. Funds from the settlements are being distributed over time, with annual payments to the opioid crisis recovery fund. The legislature appropriated \$21 million in FY24 and \$17.1 million in FY25 for various Substance Use Disorder treatment and prevention programs. The Legislative Finance Committee has advised “coordinated efforts” among state and local entities, including the Behavioral Health Collaborative (BHC), and other stakeholders, to improve collaboration, prevent duplication of efforts, and ensure funds reach the communities most in need.

Opioid Remediation Collaborative (ORC)

The ORC was created to provide leverage for this group of NM Counties to address the harms caused by the opioid epidemic and support evidence-based treatment approaches and prevention strategies within the identified region.

A Board of Directors oversees the implementation of this project with each participating County entity appointing a representative to the board, as indicated above. The County of Valencia serves as the fiscal agent for the ORC, managing the fiscal responsibilities of the opioid settlement funds. Our ORC board meets consistently every quarter and the public is welcome to attend and provide input.

The Seven Counties represented by the ORC have been allocated approximately \$6.3M, as follows:

ORC COUNTY	BOARD MEMBER	FUNDING ALLOCATION
Valencia County	Danny Monette	\$3,412,670.31
Sierra County	Amber Vaughn	\$1,249,983.10
Cibola County	Commissioner Christine Lowery	\$936,490.82
Hidalgo County	Tisha Green	\$238,332.87
Guadalupe County	Diana Urban	\$226,653.24
Socorro County	Andy Lotrich	\$181,324.47
Catron County	Loren Cushman	\$140,283.79
TOTAL		\$6,385,738.60

DEMOGRAPHICS

DEMOGRAPHICS:

The communities represented by the ORC are very diverse when considering the effects of the Opioid Epidemic, population markers and the availability of resources.

The following demographic data highlights several diversities that will influence the ORC’s efforts in this region.

County Population by Gender

One of the most significant differences between the seven counties is their varying population sizes. Three counties have fewer than 5,000 residents, three counties have populations ranging from 11,500 to 27,500, and our largest county has nearly 80,000 residents. This type of population variance leans towards a Hub and Spoke model where the central location or “hub” is located in the county with the largest population and resources and the smaller counties are the “spokes”, which resemble outlying nodes connected to the hub. This striking difference in population density further supports the pooling of resources through the creation of the ORC to provide the most efficient response to the Opioid epidemic in these Counties.

The data shows that the gender makeup of each County is consistently near a 50/50 ratio which will translate to a balanced approach to services based on gender. Please note that the World Population Review data does not provide separate statistics for transgender and gender non-conforming populations. Ensuring the inclusivity of all gender identities within the seven counties is vital.

County Population by Median Age and Gender

According to a New Mexico Epidemiology journal, entitled Changes in Drug Overdose Mortality in New Mexico (July 2020), “overall, males have higher rates of overdose death due to heroin, especially in the 25-44 year age group, while females have higher rates of overdose death due to prescription opioids primarily in the 45-64 year range. Five of our seven counties have a median age ranging from late 30s to mid-40s, while the other two counties have a median age ranging from mid-50s to mid-60s. Most of our counties have residents in the high-risk category, according to the data. However, two counties, with older median ages, may require a different approach to addiction prevention and treatment. This different approach to prevention and treatment was also clearly identified during Community Listening groups conducted in Catron County. Community members emphasized the need for improved prevention measures for family members caring for hospice patients, specifically addressing the diversion of opioid medications.

County Population by Race

When we review the racial demographics, we see that four (4) of the counties identify as predominantly Hispanic, two counties identify as predominantly White, and one county identifies as predominantly American Indian, which further informs the ORC focus in regard to the provision of culturally informed services within each County overlay.

The ORC must ensure that the prevention and treatment strategies implemented in our seven-county collaboration take into account the distinct cultural needs that may vary county to county. To ensure our prevention and treatment strategies are culturally informed, the ORC may need to seek consultation from community leaders and organizations. These consultations can provide valuable insights and guidance to help us appropriately tailor our approaches to the diverse contexts within our communities. This will also ensure that our efforts are not only effective but also respectful and inclusive of the unique cultural dynamics at play in each of our counties.

COMMUNITY ENGAGEMENT

COMMUNITY ENGAGEMENT:

Stakeholder focus groups, community listening sessions and community member interviews were conducted in order to incorporate the voices of the communities served by the ORC. Our guiding principles were developed through the use of national guiding principles and principles highlighted by our constituent counties.

The following data continues to highlight the diverse needs of the seven counties represented by the ORC.

Stakeholder Focus Groups

Holding Stakeholder focus groups in each County allowed the ORC to identify the best approach while recognizing individual County needs in order to create a strategic plan of action based on best practices. Stakeholders represented a demographic cross-section of the population, and included professionals working directly with individuals facing substance use challenges, system leaders, educational staff, judicial authorities, and policy influencers in the realm of opioid addiction. The outcomes of the Stakeholder groups are summarized below:

- **Youth** were identified as our #1 prevention priority.
- Strong support for youth media campaigns to prevent opioid misuse and the implementation of a prevention and education curriculum in the schools settings.
- Request for more training for NARCAN for first responders and school personnel (in-person training was preferred) and updated resource guides that promote addiction resources in their local communities.
- **Adults** were identified as our #1 treatment priority.
- Request for increased local addiction services, ranging from inpatient to outpatient.
- Request for housing resources for individuals transitioning out of treatment and/or incarceration.
- Strong support for navigation resources to link people to treatment and/or substance use resources.
- Request for improved access to non-medical transportation when individuals are seeking substance use resources.
- Stakeholders identified the Health Councils as an existing stakeholder group that provides leadership and planning to take the opioid problem

Individual Stakeholder Interviews:

Conducting over 50 Stakeholder interviews with individuals who either live or work in these counties allowed the ORC to gain better understanding of the distinct challenges faced by different communities. This process has been invaluable in tailoring our prevention and treatment strategies to meet the unique needs of the community. The Stakeholders interviews were also able to highlight specific local issues that were not apparent without their input. The Stakeholder interviews revealed the following insights below.

- There is a great deal of shame around addiction and we need to work to decrease stigma in our communities so people feel comfortable accessing prevention and treatment resources for addiction.
- We need more NA/AA groups for people in the rural communities
- It's challenging to access addiction medicine and counseling services while incarcerated in the detention centers and jails
- We need to pursue mobile addiction medicine options
- Families who have lost loved ones to opioid addiction need resources
- Law enforcement staff are experiencing high levels of burn-out related to arresting those that suffer from addiction issues
- Rural hospitals are not full and could dedicate more resources to assisting with opioid addiction
- We need to increase the use of Peer Support and Community Health Workers to tackle this problem
- Counties need to take a less conservative approach and embrace prevention strategies for opioid addiction
- The RISE program has made a positive impact in the detention centers and jails
- Health Councils and 100% Community program are strong resources and partners in our rural communities

Community Listening Groups

County residents were invited to attend Community Listening Groups in each of the seven counties. This provided the ORC with a deeper understanding of the community perspective in relation to the use of Opioid funds. Overall, the voice of County Professionals listed above matched the concerns and wishes of individual community members. Community members provided creative and focused suggestions for ways that we might meet the desired outcomes within their County. Here's what we heard:

Resource Leaders

The ORC has identified a community leader from each county to serve in a “Resource Leader” role for the ORC project. Community leaders often possess a deep understanding of local needs and challenges. They have their finger on the pulse of the community, which allows them to identify pressing issues and gaps that require attention. Their insights help ensure that projects are relevant, effective, and tailored to meet the specific needs of the people they serve.

Secondly, community leaders can mobilize resources and build partnerships. Their influence and networks enable them to connect with other stakeholders and systems. By having strong relationships and collaborating with these systems, community leaders can amplify the impact of any project.

Lastly, community leaders inspire and motivate others. Their passion, commitment, and visible involvement encourage community members to participate, volunteer, and contribute. When community leaders actively engage in projects, they set an example and foster a sense of collective responsibility, creating a ripple effect throughout the community.

Our Resource Leaders will serve as a local partner to ensure that initiatives are well informed, sustainable, and beneficial to everyone involved. Each county has a community leader that will play a vital role in driving the success of the ORC projects by providing local insights, mobilizing resources, and inspiring active participation. The ORC intentionally selected Resource Leaders with diverse experiences and/or backgrounds who also exhibit the following characteristics:

- (1) Informed Decision Making: Leaders from various backgrounds bring unique perspectives. Their diverse experiences and backgrounds help identify blind spots and consider multiple viewpoints during decision-making. This leads to well-rounded, informed choices that benefit the entire community.
- (2) Inclusive Solutions: Diverse leaders understand the needs of different demographics. They advocate for inclusive solutions that address various challenges faced by community members. Whether it’s healthcare, education, or infrastructure, their insights ensure that no one is left behind.
- (3) Effective Communication: Leaders with varied experiences can bridge gaps in communication. They connect with different groups, translating complex ideas into relatable terms. Effective communication fosters collaboration, engagement, and successful project implementation.
- (4) Resilience and Adaptability: Diverse leaders have faced adversity and overcome obstacles. Their resilience and adaptability inspire others. When challenges arise, their collective wisdom helps navigate uncertainties and find innovative solutions.

Our ORC Resource Leaders participate in quarterly “Resource Leader” meetings to discuss ORC activities and updates on community resources related to our project, serve as a liaison to community providers and resources, assist with promotion of ORC events, and provide up-to-date information regarding gaps in prevention and treatment.

Guiding Principles:

In the article [*Strategies for Effectively Allocating Opioid Settlement Funds*](#), the following principles for the use of Opioid Litigation funds are identified:

1. Spend the money to save lives
2. Use evidence to guide spending
3. Invest in youth prevention
4. Focus on racial equality
5. Develop a fair and transparent process for determining where to spend the money
6. Use settlement funds to supplement existing opioid abatement work
7. Invest in effective evidence-based interventions
8. Conduct a “needs assessment” to identify the areas in which interventions can save the most lives

The ORC has incorporated the above strategies with the outcomes of evidence-based research and community listening to identify guiding principles around Collaboration, Quality, Accountability and Cultural Awareness. Our goal is to look through the lens of these principles as we expand the continuum of care and intervene upon the devastation of the opioid crisis in New Mexico:

OPIOID REMEDIATION COLLABORATIVE GUIDING PRINCIPLES	
COLLABORATION	QUALITY
<ul style="list-style-type: none"> ➤ Involve the community ➤ Ask for input ➤ Identify common goals ➤ Invest in our youth ➤ Cultivate partnerships and pool resources with established Health Councils and Local Collaborative 	<ul style="list-style-type: none"> ➤ Provide Evidence Based strategies and solutions ➤ Promote sustainable practices ➤ Invest in Creative Solutions that are qualitatively and quantitatively data driven ➤ Ensure fairness and transparency of fiscal decisions

OPPORTUNITIES FOR ENGAGEMENT

OPPORTUNITIES FOR ENGAGEMENT:

NM MEDICAID BEHAVIORAL HEALTH AND SUD PROVIDERS

According to the KFF Mental Health and Substance Use fact sheet for New Mexico, our state surpasses national data for adults reporting symptoms of Anxiety and/or Depressive Disorder, drug overdose deaths, suicide and shortages of mental health providers. The KFF defines "mental health professionals" as psychiatrists, psychologists, psychiatric nurses, addiction counselors, and mental health or family and marriage counselors. Due to provider shortages, many individuals in need of mental health or substance use treatment, especially in rural areas, face delays in accessing care. Health Professional Shortage Area (HPSA) designations identify areas with shortages based on the number of psychiatrists relative to the population. According to the Bureau of Health Workforce's Designated Health Professional Shortage Areas Statistics as of September 30, 2022, only 18.2% of the need for mental health professionals in New Mexico is met, compared to the national average of 27.7%. Therefore, the ORC acknowledges the necessity of investing in established providers within our communities to build a robust system of care for rural counties.

To assess the volume of opportunities with established providers, a landscape analysis was conducted to identify existing providers. The data provided for this analysis was based on a "run report" in January 2024 conducted by the Behavioral Health Services Division (BHSD), where they queried active providers who were providing substance use and behavioral health services in our seven counties. BHSD was also able to drill down on this data and identify the types of specialty billing that was currently taking place in each county. The chart on the following page, County Specialty Services Billing, further breaks down the types of services available within each county. See Appendix A, BHSD run report for the raw data.

The specialty billing categories were categorized into these eight categories: (1) Early Intervention (2) Therapy (3) Drug and Alcohol Counseling (4) Comprehensive Community Support Services (CCSS) (5) Medication Management (6) Intensive Outpatient Services (IOP), (7) Medical and (8) Behavioral Health.

The data was unsurprising, revealing that counties with larger populations have more identified providers and higher instances of specialized billing. The "run-report" identified 256 practitioners across all seven counties with the potential to expand specialty billing. This expansion could strengthen the outpatient service network for those seeking mental health and/or substance use treatment.

OPPORTUNITIES FOR ENGAGEMENT: CHILDHOOD EDUCATION

Prevention is a guiding principle for allocating opioid settlement dollars. Additionally, the Stakeholder groups in our seven-county collaboration have prioritized this pressing need. Conducting prevention efforts in the schools is crucial because it targets youth at a pivotal stage in their development, providing them with the knowledge and skills to make informed decisions about substance use.

Our seven counties are home to various elementary schools, middle schools, high schools, and some charter schools, almost 70 schools in total potentially impacting over 19,000 lives. This provides numerous opportunities to conduct youth prevention efforts within the educational system, allowing us to reach and positively impact youth individuals and their families across school levels. See Appendix B for a complete list of schools by County.

The Stanford REACH Lab, officially known as the Halper-Felsher REACH Lab, is part of Stanford Medicine Pediatrics Department. The lab focuses on understanding and promoting adolescent and young adult health through research, education and policy. The Stanford REACH Lab emphasizes investing in high school students because this age is at a critical developmental stage where they are making important health-related decisions.

The Safety First curriculum, created by Stanford Reach Lab, is a comprehensive, harm reduction based drug education program. This curriculum is designed for high school students and aims to provide them with scientifically accurate information about various drugs including opioids, reviews harm reduction strategies and the effects of different substances. Our educational data review reveals that the ORC has 15 high schools in all seven counties where we have an opportunity to shape healthier habits and attitudes that can carry into adulthood.

VOLUNTEER FIRE DEPTS AND EMERGENCY MEDICAL SERVICES

No matter which state you live in, the opioid epidemic affects fire departments and emergency management services. The rise in medical emergencies related to opioid ingestion has led to an increase in emergency service calls, further straining already limited resources. Unlike urban areas, our seven rural counties rely heavily on 65 volunteers, making them the primary source of emergency response. See Appendix C for a complete list of Volunteer Fire Departments and Emergency Medical Services by County.

The ORC sees engaging emergency response systems as a valuable opportunity to provide training, education, and support, recognizing that they are often on the “front lines” of the opioid epidemic. In rural states across the county, a significant resources across are being invested in training our first responders to equip them with the necessary tools to intervene effectively with individuals experiencing mental health and/or addiction issues. This training ensures that first responders can accurately assess the needs of these individuals and guide them to the appropriate resources for help. By doing so, we enhance the support system for those in crisis and improve overall community well-being.

OPPORTUNITIES FOR ENGAGEMENT:

HOSPITALS, FQHCs, COUNTY JAILS AND STATE PRISONS

Our seven counties host several systems where community members can either seek medical services or are mandated to undergo rehabilitation due to substance abuse issues. This infrastructure is critical for providing necessary care and support to individuals struggling with addiction, ensuring they receive the appropriate treatment and resources to aid in their recovery. Four out of seven counties have rural hospitals, one county is currently building a rural hospital, and each county has more than one Federally Qualified Health Centers (FQHC), 21 FQHC across all counties. As indicated in the chart, our seven counties also have 3 jails and 6 state prisons, in which the ORC sees all of these systems as an opportunity to improve OUD treatment in our communities

The ORC has employed a unique group of addiction medicine specialists ranging from board certified Addiction Medicine physicians, clinicians with extensive experience working with individuals with mental health and substance use issues, and a Registered Nurse that specializes in both inpatient and outpatient medical withdrawal. Members of our team have been leaders in New Mexico for decades treating individuals with addiction and mental health issues, but also specialize in training, education, curriculum and grant writing, and assisting organizations in creating sustainable systems through their expert knowledge of regulations and sustainable billing practices.

Therefore, the ORC Recovery Team views all of these systems as opportunities to assist providers with free ongoing training and education. By doing so, we ensure that our local providers are operating from a best practice lens when it comes to opioid addiction, enhancing the quality of care and support available to individuals in our communities. This initiative is crucial for keeping our providers up-to-date with the latest knowledge and techniques in addiction treatment, ultimately improving outcomes for those affected by opioid use disorder. The timing couldn't be better, as Senate Bill 425, passed by the New Mexico Legislature passed Senate Bill 425 in 2023, mandates the New Mexico Correctional Departments (NMCD) to provide Medications for Opioid Use Disorder (MOUD) to those in their custody. This legislation aligns perfectly with our efforts to enhance prevention and treatment resources, ensuring that individuals in custody receive the necessary support for their safety and recovery.

OPPORTUNITIES FOR ENGAGEMENT:

ORC BRANDING STRATEGY

The ORC recognizes the importance of creating a strong brand for our collaboration. Effective branding makes our initiative recognizable, helping to build community loyalty and attract new members. By establishing a clear and consistent brand, we can foster a community of dedicated partners who share our values and beliefs.

To enhance communication with our target audience, the ORC created a website. This platform informs communities and stakeholders about who we are, our efforts to improve prevention and treatment in our seven-county collaboration, and highlights our accomplishments. The website also serves as a platform for community members to contact our collaboration and stay engaged with our activities. The ORC has also developed a branding symbol that encapsulates our identity, values, promise, trust, and loyalty within our communities. Additionally, the ORC created a hashtag (see below) to enhance discoverability on social media platforms, making it easier for users to find our content and connect with our project goals.

STRATEGIC PLAN PREVENTION AND TREATMENT STRATEGIES

STRATEGIC PLAN

The FY 24-25 ORC Strategic Plan prevention priorities and treatment strategies were identified through comprehensive qualitative and quantitative analysis. As outlined in the previous pages, this process included the review of demographic data, evidence based research, and the facilitation of Stakeholder and Community Listening Groups, as well as structured interviews with stakeholders related to our county project.

ORC PREVENTION STRATEGIES

Prevention strategies are the planned sequence of culturally relevant, evidenced-based strategies, which are designed to reduce the likelihood of or delay the onset of mental, emotional, and behavioral disorders. Our strategic prevention efforts aim to reduce factors that place New Mexico youth at risk for opioid misuse and promote factors that will engage, educate and protect our youth, increase community safety, and save lives.

Prevention Priority #1: Implement a unified youth prevention education and media campaign to prevent opioid misuse

Prevention Priority #2: Ensure and provide access to NARCAN training for all First Responders, School Personnel and Community Members

Prevention Priority #3: Stand-up Stanford REACH Lab “Safety First” prevention education curriculum in all County High Schools

These three prevention strategies will provide an evidence-based response to the County Stakeholder and Community Listening group feedback given to the ORC in the area of Prevention.

Following are the guiding goals and objectives for each of the three priorities listed.

Prevention Priority 1: Implement a unified youth prevention education and media campaign to prevent opioid misuse

Youth focused media campaigns have been found to have a positive effect on our communities, providing increased risk awareness, education, prevention, positive peer Influence, improved emergency response, addressing stigma and promoting alternatives. Media campaigns are pivotal in preventing opioid misuse by promoting awareness and enabling health-conscious choices.

GOAL: Increase awareness of the opioid crisis among youth through education, youth led programming and messaging

OBJECTIVES:

1. Facilitate age appropriate and family education regarding Opioid Use Disorder within Elementary School environments
2. Work directly with Youth to create an opioid prevention poster contest and display entries in schools and community locations
3. Implement youth informed messaging through High School and Middle School digital board project
4. Implement Geo-fencing location based electronic marketing to promote prevention messaging for youth

IMPLEMENTATION: School Year 2024-2025

Prevention Priority #2: Ensure and provide access to NARCAN training for all First Responders, School Personnel and Community Members

NARCAN (naloxone) training and access to this medication are critical for addressing OUD. The use of NARCAN is a lifesaving intervention that allows first responders to take action immediately during an overdose emergency. Training and access provide a sense of community empowerment and reduce stigma by increasing compassion and dismantling stereotypes and biases surrounding addiction. The use of NARCAN is known to be a gateway to treatment and rehabilitation for those struggling with OUD.

GOAL: Improve the ability of overdose responders to save lives through education and training.

OBJECTIVES:

1. Identify NARCAN access and training needs for all 7 counties
2. Develop sustainable Quarterly NARCAN training opportunities for overdose responders
3. Display existing and new resource availability on ORC website

IMPLEMENTATION: October, 2024

Prevention Priority #3: Stand-up a prevention curriculum in all County High Schools.

Prioritizing the education and empowerment of teenagers to make safe and healthy decisions is paramount. The Safety First curriculum, endorsed by Stanford Medicine's REACH lab and the Drug Policy Alliance (DPA), integrates scientific accuracy, compassion, and harm reduction to educate and empower teens. Designed for high school students, Safety First aims not only to prevent drug use but also to convey harm-reduction principles to those who may already be experimenting. Health prioritization is a key focus, discouraging drug use while also teaching harm reduction to minimize risks.

GOAL: Save lives by increasing youth dialogue and awareness of the opioid crisis through education and training.

OBJECTIVES:

1. Collaborate with School Administrators, Educators, School Counselors and/or Social Workers, or other designees to provide education and technical assistance related to standing up a sustainable curriculum in their schools
2. Provide a consistent learning community for "Safety First" with education and technical assistance opportunities for systems standing up the curriculum
3. Create user-friendly Safety First module presentations for the curriculum presenters.
4. Develop an outcomes-oriented measurement tool to determine the efficacy and sustainability of the training

IMPLEMENTATION: School Year 2024-2025

ORC TREATMENT STRATEGIES

The U.S. Centers for Disease Control and Prevention (CDC) defines health equity as “the state in which everyone has a fair and just opportunity to attain their highest level of health.” The New Mexico Opioid Remediation Collaborative is committed to investing Opioid Settlement funds into localized solutions to save lives and increase health equity among our citizens. Meeting communities where they are at and enhancing or expanding the protective factors that are already in place will address health equity and increase the sustainability of the enhancements.

Treatment Strategy #1: Increase and expand existing services to improve delivery and ease of access to Medications for Opioid Use Disorder (MOUD) and Opioid Use Disorder Treatment.

Treatment Strategy #2: Develop a 7-County Navigation Model for improving access to services.

Treatment Strategy #3: Expand and enhance supportive housing and non-medical transportation access.

The synthesis of these three treatment strategies will result in an integrated approach that combines improving local OUD treatment, including Medications for Opioid Use Disorder (MOUD) services, effective navigation models, and expanded recovery housing and transportation, as requested by our communities. This will lead to healthier communities, reduced substance misuse, and improved quality of life for individuals seeking treatment interventions.

Treatment Strategy #1: Increase and expand existing services to improve delivery and ease of access to Medications for Opioid Use Disorder (MOUD) (MOUD) and Opioid Use Disorder (OUD) Treatment.

The ORC Stakeholder and Community Groups, along with the Stakeholders interviews, highlighted a need to enhance access to medications for opioid use disorder and substance use counseling in local communities. Additionally, the New Mexico Legislative Finance Committee progress report of August 24, 2023, states that New Mexico “has made some progress but should expand the use of evidence-based treatment, particularly medications for Opioid Use Disorder (MOUD).”

GOAL: Create a team of experts that will assist providers with expanding medications for Opioid Use Disorder (MOUD) and enhance local substance use counseling services to improve the lives of those that suffer from opioid addiction.

OBJECTIVES:

1. Hire a team of Addiction Medicine specialists and experts in substance use counseling who can provide training, education, and consultation related to opioid use disorders and/or addiction issues, ensuring comprehensive support for affected individuals.
2. Promote the ORC resources of Addiction Medicine specialists and substance use counseling experts, and the teams who will provide tailored training, education, and consultation based on the specific needs of each community.
3. Enhance Opioid Use Disorder treatment for incarcerated individuals through collaboration with jails and prisons
4. Assist providers and data gatherers in establishing outcomes to accurately measure the success of program enhancements

IMPLEMENTATION: 2024-2025

Develop a 7-County Navigation Model for improving access to services

In 2020, NMDOH estimated 204,000 New Mexicans were living with an SUD and only one in three people were receiving treatment. The Navigation Model is an evidence-based practice providing linkages to treatment, including warm hand-offs to treatment settings and resources.

GOAL: Create a treatment navigation system that can provide guidance and coordination to resources, reduce barriers to accessing services, and provide emotional support to those seeking help with an Opioid Use Disorder.

OBJECTIVES:

1. Identify a treatment navigation system that will be effective for multiple rural counties that can provide guidance and coordination to resources, reduce barriers to accessing services, and provide emotional support to those seeking help with an Opioid Use Disorder
2. Train Support Navigators on the set of knowledge and skills necessary to support New Mexico’s culturally diverse communities and assess competencies on an on-going basis.
3. Ensure Support Navigators are consistently up-to-date on all 7 county resources and working closely with community members to link individuals to resources and/or services in a timely manner.

Treatment Strategy #2: (continued)

OBJECTIVES (Continued):

4. Collect data and outcomes from treatment navigation system to identify whether system is effectively providing guidance and coordination to resources, reducing barriers to accessing services, and providing emotional support to those seeking help with an Opioid Use Disorder, who reside in 7 counties.

IMPLEMENTATION: Early 2025

Treatment Strategy #3: Expand and enhance supportive housing and non-medical transportation access

LFC fieldwork found a lack of affordable housing, particularly recovery and transitional housing, is a current barrier to improvement of SUD statistics in New Mexico . Studies have also found that patients who live in nonurban areas ability to access scheduled treatment is diminished considerably when the individual does not have access to reliable transportation.

GOAL: Improve recovery engagement and stability by increasing transitional living opportunities and non-medical transportation resources for 7-County residents.

OBJECTIVES:

1. Collaborate with state leaders and local vendors to stand up transitional housing programs in frontier counties
2. Create a no-cost, non-medical transportation resource for 7-County residents seeking SUD treatment.
3. Promote and support in-person support during non-medical transports utilizing existing Peer Support and Community Health workers

IMPLEMENTATION: 2024-2025

AGREEMENT BETWEEN HOLLY ASPHALT COMPANY AND THE COUNTY OF SIERRA

February 18th, 2025

Dear Commissioners:

RE: HOLLY ASPHALT COMPANY BULK RAW MATERIAL PURCHASE

A requisition for raw materials from Holly Asphalt Company has been submitted. The pricing for these materials is set by the Statewide Pricing Agreement # 40-80500-24-17076 – Asphalt Emulsions & Associated Products.

The Statewide Pricing Agreement expires next month and we expect to see an increase in the cost of materials during the contract negotiations to adjust for inflation. As such, we believe it is in the best interest of the county to proceed with this purchase.

STANDARD ORTHO MOSAIC PRODUCTS

Pictometry standard ortho mosaic products are produced through automated mosaicking processes that incorporate digital elevation data with individual Pictometry ortho frames to create large area mosaics on an extremely cost-effective basis. Because these products are produced through automated processes, rather than more expensive manual review and hand-touched corrective processes, there may be inherent artifacts in some of the resulting mosaics. While Pictometry works to minimize such artifacts, the Pictometry standard ortho mosaic products are provided on an 'AS IS' basis with respect to visible cutlines along mosaic seams resulting from the following types of artifacts:

- Disconnects in non-elevated surfaces generally caused by inaccurate elevation data;
- Disconnects in elevated surfaces (e.g., roadways, bridges, etc.) generally caused by elevated surfaces not being represented in the elevation data;
- Building intersect and clipping generally caused by buildings not being represented in the elevation data;
- Seasonal variations caused by images taken at different times during a season, or during different seasons;
- Ground illumination variations caused by images taken under different illumination (e.g., sunny, high overcast, morning light, afternoon light, etc.) within one flight day or during different flight days;
- Single GSD color variations caused by illumination differences or multiple-aircraft/camera captures;
- Mixed GSD color variations caused by adjacent areas being flown at different ground sample distances (GSDs); and
- Water body color variations caused by multiple individual frames being used to create a mosaic across a body of water (e.g., lakes, ponds, rivers, etc.).

Other Pictometry products may be available that are less prone to such artifacts than the Pictometry standard ortho mosaic products.

2. ACCESS TO SERVICES

- 2.1 Only you, your employees, and temporary or contract employees dedicated to performing work exclusively for you (each, an "Eligible User" and collectively, the "Eligible Users") are eligible to access and use the Online Services and the Licensed Content pursuant to the License Agreement. YOUR RIGHT TO MONETARY DAMAGES IN THAT AMOUNT SHALL BE IN LIEU OF ALL OTHER REMEDIES WHICH YOU MAY HAVE AGAINST ANY COVERED PARTY.
- 5.4 TO THE FULLEST EXTENT PERMISSIBLE BY APPLICABLE LAW, NEITHER YOU NOR THE COVERED PARTIES WILL BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES OF ANY KIND WHATSOEVER (INCLUDING, WITHOUT LIMITATION, ATTORNEYS' FEES) IN ANY WAY DUE TO, RESULTING FROM, OR ARISING IN CONNECTION WITH THE ONLINE SERVICES, THE LICENSED CONTENT, OR THE FAILURE OF ANY COVERED PARTY TO PERFORM ITS OBLIGATIONS. THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO A PARTY'S INDEMNITY OBLIGATIONS OR YOUR (AND YOUR ELIGIBLE USERS') INFRINGEMENT OF INTELLECTUAL PROPERTY OR MISAPPROPRIATION OF PROPRIETARY DATA BELONGING TO PICTOMETRY OR ITS THIRD PARTY SUPPLIERS.
- 5.5 Notwithstanding anything to the contrary in this Section 5:
- (a) If there is a breach of the warranty in Section 4.1 above, then Pictometry, at its option and expense, shall either defend or settle any action and hold you harmless against proceedings or damages of any kind or description based on a third party's claim of patent, trademark, service mark, copyright or trade secret infringement related to use of the Online Services or the Licensed Content, asserted against you by such third party provided: (i) all use of the Online Services and the Licensed Content was in accordance with this License Agreement; (ii) the claim, cause of action or infringement was not caused by you modifying or combining the Online Services or the Licensed Content with or into other products, applications, images or data not approved by Pictometry; (iii) you give Pictometry prompt notice of such claim; and (iv) you give Pictometry the right to control and direct the investigation, defense and settlement of such claim. You, at Pictometry's expense, shall reasonably cooperate with Pictometry in connection with the foregoing.
- (b) In addition to Section 5.5(a), if the Online Services, the operation thereof or the Licensed Content become, or in the opinion of Pictometry are likely to become, the subject of a claim of infringement, Pictometry may, at its option and expense, either: (i) procure for you the right to continue using the Online Services or the Licensed Content, (ii) replace or modify the Online Services or the Licensed Content so that they become non-infringing, or (iii) terminate the License Agreement on notice to you and grant you a pro-rata refund or credit (whichever is applicable) for any pre-paid fees or fixed charges.
- (c) The provisions of Sections 5.5(a) and (b) shall constitute your sole and exclusive remedy for the respective matters specified therein.

6. MISCELLANEOUS

- 6.1 The terms and conditions of this License Agreement may be changed from time to time immediately upon notice to you. If any changes are made to this License Agreement, such changes will: (a) only be applied prospectively; and (b) not be specifically directed against you or your Eligible Users but will apply to all similarly situated Pictometry customers using the Online Services. You may terminate this License Agreement upon written notice to Pictometry if any change to the terms and conditions of this License Agreement is unacceptable to you. For termination to be effective under this Section 6.1, written notice of termination must be provided to Pictometry within 90 days of the effective date of the change. Continued use of the Online Services following the effective date of any change constitutes acceptance of the change, but does not affect the foregoing termination right. Except as provided above, this License Agreement may not be supplemented, modified or otherwise revised unless signed by duly authorized representatives of both parties. Furthermore, this License Agreement may not be supplemented, modified or otherwise revised by email exchange, even if the email contains a printed name or signature line bearing signature-like font. The foregoing does not prohibit the execution of electronic contracts bearing electronic signatures of authorized representatives of both parties, provided such signatures include digital certifications or are otherwise authenticated.

- 6.3 All notices and other communications hereunder shall be in writing or displayed electronically in the Online Services by Pictometry. Notices shall be deemed to have been properly given on the date deposited in the mail, if mailed, on the date first made available, if displayed in the Online Services, or on the date received, if delivered in any other manner. Legal notices to Pictometry should be sent to Pictometry, Attn: General Counsel, 25 Methodist Hill Drive, Rochester, New York 14623.
- 6.4 The failure of you, Pictometry, or any third party supplier of the Online Services or any Licensed Content to enforce any provision hereof shall not constitute or be construed as a waiver of such provision or of the right to enforce it at a later time.
- 6.5 Neither you nor any Eligible User may assign or otherwise transfer your rights or delegate your duties under this License Agreement without the prior written consent of Pictometry. Any attempt by you or any Eligible User to assign, transfer or delegate your rights or obligations under this License Agreement without Pictometry's consent shall be void, and shall also void the limited license granted to you by this License Agreement. This License Agreement and any amendment thereto shall be binding on, and will inure to the benefit of the parties and their respective successors and permitted assigns.
- 6.6 This License Agreement shall be governed by and interpreted in accordance with the laws of the State of New York, excluding its conflicts of law principles. Unless you are a government entity, in the event that any legal proceedings are commenced with respect to any matter arising under this License Agreement, the parties specifically consent and agree that the courts of the State of New York or, in the alternative, the Federal Courts located in the State of New York

shall have exclusive jurisdiction over each of the parties and over the subject matter of any such proceedings, and that the venue of any such action shall be in Monroe County, New York or the U.S. District Court for the Western District of New York, as applicable.

- 6.7 This License Agreement will be enforced to the fullest extent permitted by applicable law. If any provision of this License Agreement is held to be invalid or unenforceable to any extent, then (a) such provision will be interpreted, construed and reformed to the extent reasonably required to render it valid, enforceable and consistent with its original intent and (b) such invalidity or unenforceability will not affect any other provision of this License Agreement.
- 6.8 Where applicable, each affiliated company of Pictometry and each third party supplier of the Online Services or any Licensed Content has the right to assert and enforce the provisions of this License Agreement directly on its own behalf as a third party beneficiary.
- 6.9 In the event of a breach of your obligations under this License Agreement or your payment obligations with respect to access to the Online Services or the Licensed Content, you agree to pay all of Pictometry's costs of enforcement and collection, including court costs and reasonable attorneys' fees.
- 6.10 This License Agreement constitutes the entire agreement of the parties with respect to its subject matter and replaces and supersedes any prior written or verbal communications, representations, proposals or quotations relating to that subject matter.
